Welcome to the second day of the summit! We re-gather in the Arena, and dive into The Impact Stories.

The Main Room

Erik Fernholm

29k Foundation and Chair of Ekskäret Foundation

Join this leading voice on navigating complexity, adapting to change, leading the sustainability transformation, and the importance of inner development as the driver for social change. 29k is a Swedish non-profit started in 2017 by two entrepreneurs turned philanthropists, and a happiness researcher. 29k built a digital platform called Aware that democratizes access to science-based psychological tools and meaningful connections to enhance mental wellbeing and inner capacities for all, to create a thriving and sustainable world.

The Main Room

Ed Synnott & Jane McLaughlin

Director of City Strategy, Director of Innovation & Engagement

Explore the 20-year journey of systems innovation through three groundbreaking projects that challenge the question: Can systems innovation truly drive a regenerative, climate-neutral economy? From the sustainability efforts of the London 2012 Olympic Games to the ambitious NetZeroCities platform and Scotland's visionary approach to public sector data, this story delves into the complexities and triumphs of large-scale change. Learn how multi-lens, creative, and future-focused strategies are essential for navigating the unknown and achieving impactful outcomes. Discover the insights, governance challenges, and innovative approaches that shape the future of transformative systems innovation.
